Mr. Harold Weisberg
Frederick, Maryland

Dear Mr. Weisberg:

I have just finished reading Post-Mortem and find it an extraordinary piece of literature. It contains such a vast amount of important information I will now go back and take notes on the most significant passages.

Concerning one key point made about Mr. Robert Frazier's testimony in the trial at New Orleans-that of his taking samples from the base of CE 399....Would it be possible for me to purchase a copy of this testimony?

I sincerely appreciate your time in advising me on this matter.

Yours truly,

Andy Wetz
